Moderato

(SHE) In the
(HE) Now if

evening when the shadows are a-creeping
Birds are sleeping up above
I should go up town and buy a ring dear
Little ring dear every small

It is then the willows cease their daily weeping
And then if I should call on some one in the spring dear
Well
through the trees there’s just a breeze That sings a song of love In the
say perhaps the sort of chaps That work in City Hall If I

shadows you will always find a "Jam-le" and his
took the pains to say to someone pi-ous will you

"Mam-le" on his knees Where ever it is dark in
tie us? just we two? If I should do all this for

meadow lane or park If they are there it always proves to me
some sweet little miss What sort of sign would that suggest to you.

That’s the Sign & c. 4
CHORUS
Marcia Sopr\&Altos

That's the sign of spring - time
That's a sign of spring

That's a sign of joy - time
That's a sign of joy

For a girl and boy
When you
time of ring - time
For a girl and boy.

That's the Sign &c. A
When you see them

When you hear them cooing

That's a sign, a good old sign,
There will be a honeymoon.
