National Citizens League
Opens Office in S.F.

With the lifting of the ban for all loyal persons of Japanese ancestry by the Western Defense Command, the National JACL will open its offices in San Francisco, Calif. from Jan. 3, 1946.

Mas' Teiko Ishida, the acting national secretary, who had been in charge of the New York City office will be in charge. She already has her army clearance and is in San Francisco to make the necessary arrangement.

The main job of the San Francisco office is to carry on the educational campaign to bring about a better understanding of the evacuation and the position of persons of Japanese ancestry in this country. The JACL job will be to supplement the work of the Caucasian friends on the Pacific Coast.

Also when the staff is completed, assistance will be given to evacuees in their problems of readjustment upon their return to the San Francisco Bay Region.

JAACL ADVISES CAUTION IN RETURN TO COAST

Both Issei and Nisei were advised by JAACL national headquarters to study carefully their own problems before making any move to return to the Pacific Coast.

As far as Issei who are still within the draft age are concerned, it was stated that they should not return to their homes without clearing their status with the local draft board. If they are in essential work and return without obtaining releases from their employers, they will not be able to obtain new employment to qualify for deferment. Under such cases, the local boards would have the right to induct them immediately into the armed forces.

Even in the places where the evacuation is returning to his farm, it would be advisable to contact the local board to ascertain the status he may be able to obtain before making the move. This precaution may avoid considerable hardship in the event the local board is not friendly.

The Issei must remember that the contraband provision which was revoked by the Western Defense Command does not apply as to them. They are still subject to the restrictions of the Department of Justice which prohibits them from having short wave radios, cameras, and so forth.

Also on the Pacific Coast, because of numerous defense installations and factories, the Issei must be especially careful in complying with the travel regulations. When traveling more than five miles, they must first obtain permit from the United States district attorney. Also in changing their employment (continued on page 3)

CHANCE FOR STUDENTS

Successful resettlement of individuals and family groups who plan to make this country their home is a necessity. But as important as such resettlement is, there also is the most pressing need for student resettlement at this very time.

Old people can wait for a little while until they can find accommodation on the outside by slow and careful planning. But for the young people, waiting too long is often disastrous. Many high school graduates, fired with hope for college, have waited too long, and has found it impossible to get back into the old grooves of books and midnight oil.

Letters from college students, alumni, to Miss Isabel Sheldon and to other friends here about friendly campaigns and students and how Ginaz have been helped, financially by the Student Reconciliation Council are facts that cannot be disputed.

Considering community acceptance, financial help, opportunities for part-time jobs, and the benefits of education, the time is now for young graduates to get higher education. If a young student has any persuasion at all, he should use every thing in his power to persuade himself and his parents that the time for schooling comes only once in a lifetime, and when that time comes, the chance is usually gone forever. Of course scholarships on parents must be considered too.

Thomas Holme, student consultant, is here now, not to recruit or coerce. He is being here is just another opportunity for those students.

To don't want the next generation of Japanese Americans to face a post-war country uneducated, just because it happened to live at the time of evacuation and temporary confinement.

REV. YAMASAKI

CHRISTMAS LETTER

To Rev. John Yamazaki, former Glim, sends the following Christmas message to all his friends.

Dear Friends:

"This is a letter which has allowed the seasons to pass. Since arriving in Cincinnati in July, we have experienced the burning of the leaves to varied colors of yellow, brown and red. Now we are witnessing for the first time in our lives the falling of snow flake as it gently covers all our surroundings. Throughout the six months I have been moving around Southern Ohio visiting relatives, conducting service, speaking before churches, clubs, and conferences. The inspiration for our work has been the life with you and yours. You understood a young couple in the ministry and helped that our work might not be in vain. The emergence of goodwill and understanding that we have witnessed throughout this period of war before leaving our homes, while in the center, and now in the middle west testify to God's hand in creation and history.

This Christmas Eve, as I conduct the Midnight Service at the Church of the Good Shepherd, in Cincinnati, whose roster is away, shall be praying with you all-day of Peace and God Will towards all men any cause--through our unwavering belief that Christ is the Son of God."

Patriotically yours,

Rev. and Mrs. John H. H. Yamazaki

Dec. 11 To Mr. and Mrs. Takechi Deguchi, 78-149, a girl.

Jan. 10 To Mr. and Mrs. Miyaka Fitch, 70-4-C, a boy.

Jan. 11 To Mr. and Mrs. Nacoski, 47-A, a girl.
**VETERANS RISE AGAINST OREGON LEGION STAND**

Hundreds of veteran American soldiers are indignant over an item in the army newspaper Stars and Stripes, which said that an American Legion post in Hood River, Ore., had advised Americans of Japanese ancestry to sell any property they own and leave town, a J.P. dispatch states.

There was violent local reaction among double-boys and Leg men. A Legion post's original divisions, the 36th and 55th, who know the gallant record of the 36th Inf. Regt., with which the 36th fought in Fajj.

Reaction was particularly vituperative against the Legion post's action among the 1st Battalion of the 15th Regiment of the 43rd Division—a battalion which just two months ago was rescued from a German attack near Brussels by American troops who slashed through German lines to the isolated battalion at great cost to themselves.

One of those rescued, stated of the Legion post's action, "Those boys deserve a hell of a lot more than the men sitting back in that Oregon town who don't want them around, and we feel pretty lousy having to fight for the rights and liberties of people who do something like that to those Americans fighting over here."

**PHARMACIST FROM POSTON ARRIVES**

With the addition of a new pharmacist from the Poston Center last week, Gil's town has two pharmacists. Shiro Nakamura arrived from Poston last Thursday and is working with Gil's present pharmacist, Lee Ishikawa.

Mr. Nakamura's credentials included: training at the University of Tokyo; 20 years' experience as a pharmacist; and fluency in English, which he dreams of using one day in the Philippines.

**Pointers On Resettlement**

(continued from page 1)

A new influx of evacuees should be coming to this area. In the immediate future, some big evacuees are expected to arrive in Gil's.

**Dr. Lawson's 'Beggars' Yields Mochi**

Because Dr. Grace Law- son went "begging" from mass hall to mass hall on Dec. 30, the patients in the Rivers hospital were able to enjoy the traditional mochi, rice cake, on New Year's Day.

As she went from place to place, each block generously contributed, and in some cases blocks of "mochi tukt" was in progress, she took her turn at pounding the rice cake. The results were fairly good, too, in making a generous departure after receiving the "mochi" by bowling and repeating "Happy New Year" in Japanese.

Dr. Lawson stated: "Due to shortage of workers in the hospital mass hall it was impossible to make mochi here. And it was impossible to buy mochi in Japan, buying mochi from place to place, I am extremely grateful to all mass halls that generously contributed mochi for hospital patients."

FARMING OPPORTUNITIES OPEN IN NEW ORLEANS

The area around New Orleans according to William Hunt, relocation program officer, has abundant opportunities in various types of farming, and in the fishing industry.

Vegetable farming has not been tried on an intensive scale in Louisiana, potatoes, celery, cabbage, shallots and turnips are grown successfully there, and few Japanese are engaged in small vegetable operations.

Outside of New Orleans and along the Mississippi River the rainfall is 60 inches per year and water for irrigation can be piped from the river. On the average the weather in the Winter is warmer than in California. There is an abundant market for all types of vegetables there, and while the marketing system in New Orleans is considerably behind time there is a splendid chance for Japanese to make favorable contracts with various restaurants, hotels, and hotels.

Seventy Tuleans Cast Citizenship Vote

Annual Japanese held at the Tule Lake segregation center have renounced their American citizenship and are being transferred to a camp for enemy aliens at Santa Fe, New Mexico. It was announced Dec. 27, by Ray R. Post, director of the Tule Lake project, according to the San Francisco Chronicle.

From now on these Japanese, some of whom were born in the United States and some of the same, will be under the direct supervision of the Department of Justice.

Benevolence of American citizenship was made possible by the recently enacted public law No. 403.

Resident Found Dead Last Night

Joe Tatsumoto, 29-year-old discharge veteran of World War II, was found dead at his home, 85-6-A, about 9:30 o'clock last night, with a knife wound through his heart, probably self-inflicted.

John V. Nichol, police chief, stated that a coroner's jury is coming today. Their verdict will be known this afternoon.

Tatsumoto was discharged from the Army on Dec. 16, 1943, and has lived with his parents here ever since. He was found dead by his father, who with other members of the family had attended the Japanese movie at the amphitheater.

FREEDOM WELL EARNED

Message to all American soldiers of Japanese ancestry was given last week by Harold L. Jacobs.

"I have gained deep satisfaction, which must have come to you as well, from the announcement by the Western Defense Command that the West Coast mass exclusion orders have been lifted. This action is a well-earned recognition of the loyalty which the great majority of ourdsome people of Japanese descent have displayed in the severest test that any group of Americans has ever had to face. It is a victory of faith in the principles of real Americanism, and of unflinching patriotism so well exemplified by valiant American soldiers, from the mainland and Hawai, whose parents come from Japan. You have made a magnificent record of service for your country."

**CITY ORGANIZES TO AID EVACUEES**

Wholeheartedly endorsing the program to assist evacuees in getting established in Pittsburgh, a group of forty leading residents met in that Western Pennsylvania industrial city on Wednesday, Dec. 20, and formed the Pittsburgh Citizens Committee on Resettlement.

Among the committee members were representatives of labor, industry, social and welfare agencies, governmental bureaus and churches, of several denominations. Also a member is the wife of the mayor of the city.

Speakers at the meeting, which was attended by reporters from each of the city's newspapers included Dr. A. Kinsolving, chairman of the committee, and leading Episcopal clergyman Rev. Shoji F. Mishii, also an Episcopal clergyman, who works with the Cleveland Federation of Churches on relocation projects.

W. Cullum, Great Lakes Area supervisor of the WPA, Cullum discussed the Government's program. Rev. Mishii, the evacuees' viewpoint; and Dr. Kinsolving, the attitude of the residents of Pittsburgh.

Outcome of the meeting was the appointment of a nominating committee which was empowered to formulate sub-committees on housing, public information, community participation and employment.

**SIGNIFICANT YEAR**

The year 1945 may well turn out to be the most significant even though a most trying one in the lives of Japanese Americans.

**MOmentous Decisions**

It will be significant because the decisions we make here during next year may shape our environment and our lives. It is a good bet that many relocatees who have gone East to "look around" and have found something to their liking will decide to stay there even though the West Coast has opened. This year can decide what we do for a living, with whom we will associate, and in what part of the country we live for the rest of our lives.

In the face of difficulties are several reassuring factors. There are sympathetic groups and persons, like the Friends of the American Way and church organizations, to give us physical and spiritual aid. The WPA is still here to help us with job placements and financial support to a certain extent. Those who still have homes on the West Coast will be able to return.

**Gov't Responds**

With the announcement that the WPA will close within a year, those who have no immediate means of starting anew will no doubt be disturbed. But so long as we have a democratic government, we can expect humane treatment. A government which carried out evacuation with reasonable order in a short time will surely be able to meet the resettlement problem without undue hardship on evacuees. Responsibilities of the WPA may end with its closing, but that of the government will continue.

With those things in mind, we face 1945 and the problems of resettlement with hopes for the best under difficult conditions.

**ICKES TO NISEI SOLDIERS**

(continued from page 1)

service of your country. All good Americans are proud of you.

**Resettlement Difficult**

The removal of the exclusion orders forecasts an end of the need to provide the refuge of the relocation centers for thousands of loyal and law-abiding people who are now free to live wherever they desire to make their homes in the United States. It is for their own best interests, and for the interests of all Americans of Japanese descent, that they should leave the centers as soon as possible. I am fully aware that departing from centers will involve difficult readjustments for some people, but they will be given ample time to make them and the Federal and state welfare agencies will aid families that need special help.

**A Future Well Earned**

"This message is addressed to you with full confidence that you will continue to enlarge with the splendid record of America's fighting blood, which has been so effective in demonstrating that Americanism is not a matter of race or ancestry, and in winning the respect of all good Americans for their loyal fellow-countrymen of Japanese descent. I send to you my wishes for your safe return home, and for a future in America endowed with the happiness that you have so well earned."

George "Isky" Iwasaki, former sport editor and business manager of the NEWS-COURIER, is a private in the U.S. Army training at Camp Blanding, Fla. Prior to his induction into the Army, Pvt. Iwasaki was working in Miami.

"I had planned to spend my Christmas holiday in Miami with some of my buddies. I thought I would show them around the better parts of the state. As our plans were about to be completed, we were given guard detail as a Christmas present.

"They sent me out to the field, and I ran into a fellow from Buffaloe, New York. He told me that he was in the hospital for quite some time with a leg injury.

**CHICAGO SHOWS GOOD SENTIMENT**

Chicago, Ill. - Almost without exception, newspapers in the Middle West have carried feature stories and editorials welcoming the Army's decision to permit persons of Japanese ancestry to return to the West Coast. The press in this part of the country has backed the relocation program from its inception, and has evidenced great friendliness toward resettlers in almost every community. Since the Army's announcement on December 17, space given by newspapers to Japanese Americans has exceeded that of any previous period and every clipping received in the North Central Area has been favorable toward resettlers already relocated in this part of the country and, with only one exception, favorable to the Army's decision to permit return to the West Coast.

Basketball Season of '45 Ready to Be Launched

The 1945 season of basketball will resume play this coming Monday with the first A and B League games scheduled to begin then. Next week, the C League is tentatively planned to commence.

At a managers' meeting, being held today, they will draw lots to see which teams will play. Recently at a Basketball Advisory Board meeting, several rules were drawn up for the players to abide by.

A few of them are as follows:
1. No player can play in a league other than that in which he played during the last season or the one in which he is now playing.
2. The first and second round champions will play off at the end in a 2 out of 3 playoff.
3. Fighting—Any person throwing the first punch (hit or miss) will become ineligible for the league.
4. There shall be a closed roster of 12. In case of relocation, team must appeal to the Board to pick up players, and in the event that a person relocates but remains on the roster and comes back to camp for a visit, he is still eligible to play.
5. To pick up players who have relocated and come to camp for a visit, but who are not on any one team's roster, he must be ok'd by all managers and the Advisory Board, before he is eligible.
6. In case of a postponed game, the C team managers and the CAS shall schedule the game.
7. All protests of a game must come in within 24 hours after it is played.

ARMY TO PLACE RESIDENTS INTO THREE CATEGORIES

All residents here will be placed in either the cleared, excludee, or segregeee groups after the Army completes its investigation in Rivers.

Project Director Leroy R. Bennett issued the following statement to the community council, outlining the freedom of movement allowed for persons of these groups:

"Any persons whose name appears upon the cleared list is free to leave the center and travel to any point within the continental United States. Such a person may also travel to Alaska and Hawaii if the Army approves the trip.

EXCLUDEES

"Persons on the excludee list may travel anywhere in the continental United States except in such areas defined by the Defense Command where the Negro community has been almost completely cleared. The Army has been able to restrict these restricted areas, which consist of the western half of Washington, the western half of Oregon and all of California. In addition they must not travel in the restricted areas of Arizona which includes Tucson, nor in any county which borders upon the Atlantic Ocean or the Gulf of Mexico.

SEGREGEES

"In addition there will be a segregee list. The determination of the person on this list will be a function of the Department of Justice.

"In order to keep our records straight, we will expect everyone who leaves the center to secure a pass at the Leave office. By so doing a great deal of time will be saved for any evacuee who wishes to leave. The Military Police at the gate are required to be certain of the status of any person who leaves this center."

Butte High Plans Joint Social

Butte High seniors and juniors will get together at a joint social this Friday from 7 p.m. at the auditorium.

Special guests will include officials of the normal senior and junior classes. This sports affair is open only to Butte High seniors and juniors.
Facts Given On Philadelphia

Several hundred copies of a newly issued Japanese edition of the pamphlet entitled "Facts About Philadelphia" have been received at the center. Residents interested in becoming informed about relocation opportunities in Philadelphia and in other communities in Pennsylvania and southern New Jersey are invited to obtain copies of this pamphlet from the relocation program office.

RUMORS INVESTIGATED

The Naval Intelligence has investigated the reported beating up of an evacuee doctor in Los Angeles and the burning of a farm home near Fowler, Calif., and has found those rumors false and wholly unfounded. The Intelligence men will investigate any other reported discriminatory acts against evacuees, if the names and addresses of those involved are reported to them.

HONEST PICTURE WANTED

In all fairness to former Californians who want a true picture of conditions there, they should be kept informed about actual cases of evacuees being beaten up or otherwise harmed. They should be given the facts, names, dates, and places where such incidents were just as they were in such cases as those in Hood River and Parker. And unless those facts can be verified, they should not be passed on as truth.

There are many evacuees, Central Californians for example, who are anxious to return to their grape vineyards, sentiment permitting. They have property and income at stake. They would like to be there in time for the next harvest. Any false rumor that would tend to keep them from going back to produce and share the benefits of wartime prices would be unfair to the evacuees.

FIRST HAND INFORMATION

Several evacuees are returning to California to reestablish themselves there. Residents would do best by learning first hand through them on the actual conditions in California instead of listening to rumor or propaganda.

We as we would hate to have someone fool us into going out to a community where sentiment is bad, just as we don't like to be frightened about returning home if there is favorable community acceptance and benefits to reap.

Three BRONX CHEERS

(A letter published in Timo, Jan. 6, 1945)

Sir:

A world rise with many injustices, it is hard to single out any one as being worse than another, yet the action of a Hood, Ore. American Legion Post in erasing from the town's honor roll the names of 16 Japanese American servicemen seems to us particularly blameworthy (Timo, Dec. 25)....

To erase their names without case, other than the accident of birth and race, reduces our honor rolls to an array of meaningless painted boards. To the American Legion Post of Hood, Ore., three hearty Bronx cheers!

New WRA Office Opens in Penn.

The Reverend Howard E. Mathier, active in civic, industrial, labor and religious affairs in Pittsburgh, has been appointed relocation officer in charge of the Western Pennsylvania office in the City of Pittsburgh, Robert Vorhies announcing last week. The new office is located in the Fulton Building and was established after repeated requests by residents that they have an opportunity to participate in the relocation program.

Though continuously in charge of a post office in Pittsburgh, the Reverend Mathier has held numerous important positions in addition. He was most recently employed in the labor division of the Pittsburgh War Fund and before that was in the personal division at the Farrell Works of the Carnegie Illinois Steel Corporation.

Information will shortly be forthcoming to the centers about the city of Pittsburgh and the opportunities therein. As job openings are made, word of them will likewise be flashed to the centers so that evacuees wishing to relocate to a new and relatively unexplored community will have a chance to do so in the near future.

As Pittsburgh is a labor-short area and as it is highly industrialized, there is much confidence that many opportunities will be made available.

Any inquiries can be sent through the relocation planning office to the Reverend Mathier.

The men receiving their induction notices are:

MAN CONTRIBUTES $478 TO JACL

A Christmas present was sent to the national headquarters of the JACL from Boston, Mass. It was in the form of a check for $478.79 which was sent by Godfrey L. Cabot, a businessman, man of that city. The money was sent to pay partly the expenses incurred by the National JACL in filing in brief in the Massachusetts action "Cuban" to cover to the Supreme Court. The total cost of the brief was $1,114.

Last year when the JACL filed a brief in the Hirabayashi case, Cabot donated over $100. Cabot expressed his deep concern over the civil rights of Nisei. He said his interest in minority problems was the reason he was aiding JACL.
SOLDIER WRITES FROM FRANCE

The following are excerpts from Sgt. Herbert C. Sasaki’s letter to Frank C. Sasak of Canal:

"We took up a collection of extra candy among the boys to fix up little Christmas presents for these unfortunate French children around here. I don’t imagine Christmas would be much for this without candy. France and Italy seem to be alike regarding the food situation—no sugar, candy, butter, cocoa, etc. Italy is in much worse condition than France but that can be understood. People in the U.S. have never seen the misery and suffering that war has caused over here. In fact, very few of them are even concerned.

"...Harry came down to see me the other day... He received his promotion to Staff Sergeant after waiting for it since we left Shelby. He gave up hope in Italy and it doesn’t interest him anymore. The boys in his platoon tell me that during enemy barrage he sits calmly in his jungle trench and lights his pipe as though unconcerned about the matter."

'DID I GIVE MY ARM IN VAIN?'
The Los Angeles Herald Express carried a letter to the editor, "Buck from Saipan" on the issue. Signed by Sergeant E. J. Long, U.S. Marine, the letter reads:

"An article in your paper has been brought to the attention of 25 United States Marines who were at Saipan and are now back in the United States for certain reasons... It stated that the citizens of Altadena, had refused to put the names of several Japanese American soldiers on their newly erected Honor Roll. Now don’t get us wrong, said the letter. People! We HATE the Japs. I’ve been fighting. We fought them to kill them. We fought them to win the war. We fought them that our American way of living might be upheld. I’m no Jap lover. I killed them. But as I sat through a speech...

FAIR PLAY URGED

Plea for fair treatment of and tolerance toward Japanese-Americans returning to California are heard from all parts of the West Coast, despite the islands of protest from places like Marysville, Calif.; Hood River, Ore.; and the state Grange.

District Attorney Walter O. Field of Visalia cautioned members of the Tulare County Peace Officers Assoc. to exercise common sense, tolerance, and an understanding of the rights of American citizens in dealing with returning Japanese Americans.

EQUAL PROTECTION

A state advisory committee on law enforcement in Sacramento reaffirmed a previously adopted resolution "to cooperate with Army authorities in dealing with the return of the Japanese residents of this state. All persons, regardless of race, are entitled to the full protection of the law."

Last week, an address before the City Common Club of Berkeley, Dr. Monroe E. Deutsch, vice president of the University of California, stated that West Coast residents must differentiate between Japanese in Japan and Americans of Japanese ancestry here.

MONROE DEUTSCH SPEAKS

"Certain Americans charge that we cannot read a Japanese mind. I ask them, ‘Can you read any mind?’ We judge people by words and deeds and so must judge the Japanese. It is not so long ago that the West Coast was demanding that the Chinese must go."

He said that 100,000 persons of Japanese ancestry, evacuated from the West Coast, are entitled to rights under the U.S. Constitution as upheld by the Supreme Court. He said that the losses of Japanese from evacuation is estimated at millions of dollars.

"Besides these evacuees were put in concentration camps surrounded by barbed wire and soldiers. They were granted only the poorest food and the smallest compensation for their services. Previously, they had lived here for years. They had become Americans in spirit. They had gone to our schools and colleges and the second and succeeding generations had become adjusted to our American standard of living. They associated on friendly terms with others."

Dr. Deutsch also cited the excellent war record of Nissi in the armed forces.

SHIMADA:

'I AM QUITE WELL'

"The knowledge has come to me that there is a rumor that I have been injured here in Hollywood, and I’d like to state here and now to all my friends in Oia that this report is false.

"I have never been hurt and everyone has been more than kind to me." / Joe Shimada"

Canal Prepsters Swamp Butte Hi

The Butte High School variety, B and C basketball teams start their initial games of the season of 1945 to the opposing teams of their rival school, Canal High School, yesterday afternoon and the day before yesterday, in the Canal gymnasium.

The Butte variety met with a crushing 40-23 upset at the hands of the ace ball handlers of Canal High, unable to get accustomed to the indoor atmosphere.

The Canal boys leading at the half by 6 points pulled away from the half to walk off with this jubilant 40-23 win.

The day before this, on Thursday, the Butte B and C teams were likewise turned back with discouraging defeats as they were grounded by the strongwes in an indoor court.

Building up an unravilngualing load of 22-0 at the half, the Canal B team easily drowned the Butte prepsters.

With the Butte Toymen leading, the Canal C engines pushed up 14 points to the Butte but the half time, and kept the bucket to the final whistle.

Basketball Leagues Get Into Full Swing

Come on you basketball roosters! What happened to all the team spirits?

The Butte Aye and Re Leeages are now in full swing with games being played every night.

The potent Broodo Aye added their second league win as they defeated the Cub quintet, 29 to 26, Thursday evening, with Akira Kube, forward, who stirred the nets for 12 points, Don Rod, guard, deserves much credit as he sided the win with 10 pts. and some clever ball handling.

Cubs forward, Ted Morishita sparked his team with 10 points.

The Broncos took control from the starting whistle and led 18 to 13 at the end of the first half. The winners came back in the second half and steadily pulled away to a greater margin of comfort until the score stood 38 to 26 in favor of the Broncos when the final whistle blew.

At a tilt that same evening, the Don Juniors defeated the Vandals by a score of 20 to 21. Forward, Hiro Adachi led the winners with 9 points.

On Wednesday, the Olymic Club outscored the Si res, 37-26, with George Okada scoring for the Cubs. Holding morning honors for the game was Tak Aho and George Okada, both of whom scored 12 each for the Olympic Club.

Previous to this game, the 62 Clowns mixed with block 60r charge as visitors by a low score of 25 to 12.

At the half the score was tied up, but the Clowns managed to pull away in time to win.

In their initial league encounter of the season, the Cubs defeated the Shamrocks by an overwhelming score of 30 to 18, led by Sam Morishita, forward, who swished the nets for 16 points.

The first half was played quite evenly as the Shamrocks netted their respective buckets for buckets, but in the second half, the Cubs offensive proved to be too much for them as the winners scored 17 pts. to the Shamrocks 7.

By a B blowout before the Cub-B rooster tilt, the Five Brands squeezed thru to edge out a close 21 to 18 win over the Broonies.

Team Withdraws

The right-ies all have disbanded and withdrawn from the basketball league recently and a quiet one from Blk. 43 will replace.

BOWRON GREETS EVACUEE IN LA

Mayor Bowron of Los Angeles Saturday officially welcomed a group of Japanese Americans back to the Southland in the public recreation room of the Los Angeles City Hall, the L.A. Times reported this week.

A Times photo shows the Mayor shaking hands with Haylo H. Ohn, recently medically discharged, who was present in his private uniform and a cop bearing the insignia of the newly organized World War II Hollywood Peace American Legion to which he has been admitted.

Others who were present to shake the Mayor's hand were: Henry Yoshida, Jack Yoshida, Mary Yoshida, Mrs. Sale Tanaka, and Mrs. Marko Hoshiyama.

Mayor Bowron is quoted as saying:

"We want you and all other citizens of Japanese ancestry who have relocated here to feel secure in your homes and in your community life. Everything which local government can do to make your relocation smooth and pleasant is being done. We want you to join in with us in our united effort for victory!"

JACL TO DISCUSS JAPANESE FUTURE

Vital questions affecting the situation of persons of Japanese ancestry in the immediate future are slated for discussion at the forthcoming Intermountain District Council meeting to be held in Postello, Sunday, Jan. 21, at 2 p.m. at the Japanese Christian Church Hall, 148 North 4th.

The agenda calls for consideration of the following:

1. Public relations work in the intermountain area to which there is expected to be an increased movement of center residents.
2. Increased participation by Caucasian schools.
3. Public educational programs through greater circulation of the Pacific Citizen.
4. Lecture tours.
5. Increased newspaper publicity on Misel war contributions.

2. Study of Misel war veteran benefits to be proposed by the JACL.
3. Financial assistance to the national JACL for 1946 and methods of raising funds.
4. JACL president's report on conference called by Committee on American Principles and Fair Play.
5. Functioning of San Francisco JACL office.

JAPANESE STUDY LICENSE ASKED

California State Senator Hugh P. Donnelly of Turlock announced last week that he will introduce a bill in the 1946 legislature to require that the state department of education license Japanese language schools, according the recommendation of the INS report in the S.F. Examiner.

"I believe this will provide the answer to dual citizenship," Donnelly declared, "and all subversive activities can be closely checked through class inspection, which my bill would provide.

Donnelly asserted this action, if adopted by the legislature, would answer the problem now facing the state department of education as the result of the expected mass return of Japanese to California and the Pacific coast. He explained the outright elimination of Japanese schools would be unconstitutional.

LEAGUE POST 391

The Hollywood American Legion Post No. 391, which became the first post to welcome in a Misel veteran of World War II, unanimously adopted a resolution on Jan. 9, 1946, condemning discrimination based on race.

The resolution states in part as follows:

We, the members of this Post condemn any discrimination of whatsoever type against any American citizen based on the stand that he or she is of Japanese or any other racial descent.

2. We as veterans of World War II have been fighting for the ideals of and principles guaranteed by the U.S. Constitution and are much concerned over the actions of certain groups and individuals who are attacking these very ideals for which we have been fighting.

3. We strongly condemn any efforts to establish a false distinction among American citizens based on race, color or religious creed, such distinctions being a complete violation of the constitutional provision that there can be no such distinction established among American citizens.

4. We therefore condemn the action of the Hooi River Post of the American Legion in offering the name of American soldiers fighting overseas from their honor roster as a shameful act which discredits and humilifies the name of the American Legion.

5. We urge all commandos of our Post and all American Legion Posts and all citizens who have the welfare of the nation at heart to safeguard the constitutional rights of all Americans regardless of race, color and creed.

YMCA'S SATOW URGES JUST TREATMENT

Masto Satow, YMCA leader who is remembered as coordinator of the Rivers Leadership Institute held here last year, urged just treatment of evacués in a talk before a YMCA group in Cincinnati, Ohio, last week.

A home that Misel soldiers can fight for and return to, not a relocation center, must be permitted for American citizens of Japanese ancestry, stated Satow, staff member of the YMCA National Council and former executive secretary of the Los Angeles Japanese American YMCA.

Satow stated that the 25,000 American high school boys in the relocation centers and several thousand more in military service "are bowed down by a system under which we have one kind of America for one group of native-born citizens and another kind for a second group."

"These boys are being drafted as soon as they are 18," he said. "Are they coming back to relocation centers? Is that the kind of America they are asked to fight for, just because their parents or grandparents were born in Japan?"

"There are 66,000 American citizens now confined behind barbed wire," he pointed out. "It is time to give this basic matter some consideration."

KEESEE JOINS RIVERS STAFF

Wallace Keesee has joined the Rivers administrative staff effective this Monday as subsistence stockkeeper.
Japanese May Resume Work

Japanese fishermen returning to the Pacific Coast from relocation centers will get their vessels back and will be permitted to resume operations under prevailing regulations, Dillon S. Myer said last Friday, according to AP.

Myer, director of the War Relocation Authority, declared at a press conference that anti-Japanese feeling on the coast has decreased materially. Only certain groups retain their animosity, he said, identifying them as:

Those seeking job exclusion for political reasons, since about 1900, those who are being misled by propaganda, those with an emotional stake in the Japanese return such as owners of businesses with which Japanese are compete, and the sort of "red-faced" patriots who take names of dead Japanese-American soldiers off war memorials.

DUNWOODY RAISES FEE FOR NON-RESIDENTS

The William Hood Dunwoody Industrial Institute of Minneapolis has announced a n increase in tuition fees for non-residents of the state of Minnesota.

However, non-residents now in training at Dunwoody and those cases which have in effect been accepted as amitter of record will continue under the former lower non-resident tuition.

In explaining the raise in tuition, Dunwoody states as follows:

"We have recently entered into a contract for training large numbers of veterans of World War II. It appears now that in order to be eligible to carry out this contract it will be necessary for Dunwoody to charge not less than the same price for non-resident civilians as for veterans--whether handicapped or non-handicapped.

"That minimum price is $75 for those training all non-residents and in the case of baking and sewing, the charge for them will continue to be slightly higher than this.

FROM FEBRUARY

Hardware, children's toys, and sports equipment will no longer be sold at the Co-op stores beginning Feb. 1, but until then these various merchandise, which the Co-op has on hand, will be on sale.

If residents want any hardware after the closing of the hardware department, they may put in special orders to the managers for the respective stores for the articles needed.

NEW TERM FOR 'NISEI AMERICAN'

New York’s liberal-minded newspaper, PM, hereafter will not use the term ‘Japanese American’ in referring to Americans of Japanese descent. The editors of PM announced that decision after being reminded by a reader, one Jta Riman, that no group of Americans should be singled out for such a classification.

Wrote Jta Riman, “I fail to see why any group of Americans should be singled out for such a classification. Americans of Japanese descent is far more appropriate.

“I hope you do not regard this as much ado about nothing. Here’s a little more justice from a just newspaper.”

Answered PM’s editor, “PM has not used extensively the term Japanese American horserace. But hereafter we will not use it at all.”

BILLS CALLED FOR CLOSING CENTERS

Associated Press reports this week that Representative Dewshak, Republican, Idaho, prepared a bill calling for the closing of virtually all war relocation centers by June 30—six months earlier than officials had planned.

There is immediate need for the war effort of the thousands of Japanese Americans in the camps, Dewshak said, adding that such action would divert 2,500 in personnel of the WRA into defense work channels.

"There will be less difficulty from the early closing of these camps than would result if their closing were deferred for periods of six months to a year," he quoted from the bill.

"Then, it is entirely possible that this country may be facing economic conditions as a result of the cessation of hostilities in Europe which will cause some conflict and quarrels between these enemies and other citizens, particularly returning veterans."

He advocated maintenance of camps for only those persons of Japanese ancestry whose loyalty to the United States is a question.

Rumor Revealed Entirely Untrue

The rumor that Dr. Hisatoji J. Hara was assaulted and injured in California is entirely untrue, according to a letter to the WRA Project Director Lory H. Bumett from Dr. Cyril P. Pratt, medical director of the White Memorial Hospital in Los Angeles.

Dr. Pratt wrote as follows:

"Dr. Hisatoji J. Hara has not been in California since he left in 1942. He is at present in Michigan, Illinois. The rumor that he was assaulted and injured in or around this or any other medical officer is entirely untrue. Dr. Hara's wife, who is a Glamour, was recently in Los Angeles and is at present in Arizona."

SCHOOL OPPORTUNITIES

Officials of the University of California have expressed their personal opinions that the University will graciously accept those Japanese American students who are duly qualified for admission.

Institutions are aware that the pressing problem is not that of gaining admittance to the University but that of finding adequate housing.

Allen C. Ellsworth, director of the International House, states he will be glad to cooperate in any way to meet this problem as it arises and would be happy if individual students planning to come would correspond with him directly. He says that the cooperation of other housing units, such as the very fine student enterprises known as the Student Cooperative, will be sought.

Residents of the International House for all those applying cannot be assured. The applications will be acted upon individually and on the basis of qualifications, as are all other applications. The important thing is that those who desire to be considered should be in touch with House Director just as soon as possible.

OREGON REACTIONS ON NISEI RETURN

As avenues began slowly to return to the Oregon area, the Associated Press Thursday reports a variety of reactions from communities near Hood River.

The report states that placards warning returning Nisei that "No War Trade" is solicited sprouted throughout the Hood River Valley, where the American Legion post recently aroused the names of Japanese American soldiers from its honor roll.

Conceals, retail shops, and filling stations joined in the move. Other cards were displayed in stores by a grocery and a hardware store, re-echoing "no Japanese trade solicited for the duration."

Meanwhile Noell River’s Shell Methodist Church adopted a resolution asking the Legion to restore Nisei names to its honor roll. At the same time petitions were being circulated among valley residents stating signatures were "100 per cent behind" the motion.

J. Harry Seto, one of the evacuees who have returned to that area, said that their neighbors were "more than gracious" and that they had begun pruning their orchards.

"There’s nothing like being back in Butte," Seto said. "Our Hood River Valley is the most beautiful spot on the face of the earth."

CINCINNATI

A BATTLE WOUND THATS ELOQUENT

Our words can't be any
more truly eloquent than
Sgt. Sato's battle wound, writes Alfred Sagar, Cincinnati Post columnist who writes Cincinnati.

"There was a Japanese
name yesterday in the lo-
cal casualty list which the First section field of honor 6/Sgt. George
F. Sato, wounded in battle
in France.

"Cincinnati hopes that
certain people noticed the
name to their spiritual
benefit. They are people
with prejudices against
other Americans with dif-
cent nationalities and old-
sounding names."

"From the foot of Sgt.
Sato, a soldier of Japa-
name decent, giving his
blood for this country in the
spiritual American way, they may learn some-
thing. That America is all kinds, that it is Sato and Schmidt, Jones and Lu-
rv, Murphy and Catoano, Loushe a Slovak and Jan-
son a Swede, M'klovits a Pole, and Washington
who is Fogg. These are
American."

"Sgt. Sato's wond
should be more eloquent to
their minds than Cincinnati's words can be."

The Los Angeles County civil service board of supervisors this week declared that released Japanese Americans who seek their former civil service positions should be accorded the same treatment as any other county employee, according to the L.A. Times.

Supervisor John Anson Ford is quoted as saying, "In the light of official P.W.A. and War Department statements concerning the loyalty of Japanese American citizens being released from relocation centers, we feel these employees should be accorded the same treatment as any other county employee in a similar situation and that nothing will be done to justify delay in recognizing the rights of other Japanese who later may seek to return to county service."

Other members of the board concurred.

OLYMPICS DOWN BRONCS, TAKE LEAGUE LEADERSHIP

The Butte Aye Basketball games this week proved very interesting as the two masters of the league met in a very important tilt Thursday evening and Lili Gus managed to pull through with two wins.

The Shamrocks felt another discouraging defeat as the Lili Gus aggregation pulled through steadily to a 24-20 win in a low scoring game last night.

The Shamrocks were defeated despite of Kanro Natanae's 12 points.

The Olympic Club quintet stepped into undisputed Butte's Aye Canaan League leadership as they kicked out a close, thrill packed 20-24 win in the closing minutes of play over the Bronco Ayes Thursday evening in the most important game of the week.

The winners were praised by the sharp shooting of Kerao Zenimura who accounted for 10 points as Brother Kanaka followed close with 9.

Akira Kubo of the losers copped scoring honors in this contest with 11 markers.

A day previously the Lili Gus aggregation led by Frank Tanaka's 15 digits hit the win column as they squelched a 37-33 win over the Sires in a nip and tuck battle.

Though of the losers, guard Ben Tamaki deserves some praise for his outstanding performances that evening with 10 points.

On January 16, the cellar Shamrocks felt the sting of a 40-19 wallop at the hands of the strong Olympic Club. The Sires pulled off this upset by the outstanding performances of guard Kenshi Zenimura who stirred the nets for 12 points.

Four days previously, the speedy Sires utilizing their speed to full advantage scored a win as they thumped the Shamrocks to a convincing 31-16 win.

GOV. WARREN

SCORES AUBURN ARSON ATTEMPT

Governor Warren of California Saturday called the attempted burning and dynamiting of a Japanese home at Auburn "atrocious" and said a repetition of such incidents might end enemy retaliation.

"I can't conceive of people who claim to be good Americans trying to further the war effort doing a thing of that kind," the Governor said at a news conference.

"Every officer and every citizen not only should resent such conduct but do everything to prevent it."

"Such incidents not only give California a bad reputation throughout the world, but might cause our boys and civilians in enemy countries to suffer additional injury."

ARABIAN NIGHTS

Four Horsemen Arrive In Egypt

The four men who left the Rivers farm section last September to head an agricultural mission in Arabia have arrived in Egypt, according to personal letters which have been sent to Rivers by Walt Emanual, "foreign correspondent."

David A. Rogers, Carl W. Quast, Raleigh D. Sanderson and Earl Warren composed the party formed by the War Food Division of the Foreign Economic Administration after the Arabian Government requested a group of agricultural men to assist in the farm problems of that country.

LIKE FICTION

Reading like an Arabian Night fairy tale, Emanuel's letter describes his trip over on a small cargo ship that rocked rolled, and at one point had them seriously thinking whether they would ever come through the storm. Emanuel wrote at that time, "I would gladly give a thousand dollars to be home and forgot this whole cockeyed deal." Throughout the trip all of them were required to wear baskets at all times when on deck. Rogers and Quast had sailed on a passenger liner, Emanuel and Sanderson had taken the cargo about as "76 other knockheads like us did."

ONCE IS ENOUGH

Emanuel's letter written on Dec. 5, 1941, states, "I am glad I had the experience of making the trip under such conditions, but I certainly don't want to go back that way." Excerpts from Emanuel's letter follow:

"This is a hurried note to let you know about my safe arrival in Cairo, Egypt. Lt. Dave (Rogers) and Carl (Quast) they were just about as glad to see us as were we to see them. They have both been here and worried about us for days."

"Nov. 24, 1941. Believe it or not tonight I am in Beirut (Lebanon) and last night I was in Jerusalem! Climate is so mild.

FACTS ON DOI CASE

In view of rumors, no gossips and radio accounts of incidents at Auburn, Calif., involving returnee Sumio Doi, his father and mother, here are the facts as told to the AP by Mayor Lloyd M. Moomaw of Auburn, Calif., on Friday, Jan. 19.

Doi's return was without incident until the night of Jan. 17 when he heard a noise outside the outbuilding. Investigation showed that hoodlums had started a small fire in it which was promptly extinguished by Doi and his. Father. The incident was reported to the sheriff's office.

The following night, hoodlums were fired toward the house from a shotgun in the hands of an unknown person on the road. The sheriff was summoned. His investigation showed several sticks of dynamite planted in the packing shed.

Governor Earl Warren and State Attorney General Kenny appraised the facts and immediately requested full protection for the Doi family. This was followed up with a conference with Placer County superior court judge, the sheriff, and the district attorney who assured protection.

Doi's immediate neighbors are friendly, extending help. Cozons states, Merchants in Auburn are cooperative. The Doi family will feel happier when other friends have returned to the area.

AUBURN

NISEI PREMISES GUARDED

After marauders tried to burn and then dynamite a shed at the home of returnee Sumio Doi near Auburn, Calif., on Friday, Jan. 19, Auburn Police Chief Van Beever said the first attack on the Doi premises, according to a AP report, Doi had returned with his parents on Jan. 6 from the Amocho Center.

According to the AP report, Silva said the first attack on the Doi place was made Wednesday night, Jan. 17, when a wall of the shed was soaked with gasoline and set afire. Doi put out the blaze and did not report the incident immediately.

Early Friday he phoned the sheriff's office that the building was occupied by several persons who were parked in the property and shots were being fired over the house. Then densities arrived, the cars had gone, but nine sticks of dynamite were found under a cover of the packing shed, together with a litter of burned matches.

No arrests have been made, since there were no witnesses, but Silva said there may be some later.

Ineligible Japanese. He said that the "in people" were for the most part from small farm communities and that although some plan immediate return to California, many find it impossible to leave immediately because they have no housing or because they have lost a considerable portion of their savings as a result of evacuation; and because they are uncertain about the future. DEAR NIsei SOLDIERS

To keep Nisei fighting on the far-flung battlefronts informed of progress on the home front, Passport Friends of the American Way, through Marjorie Noble, executive secretary of that group, has sent letters to Nisei soldiers whose homes were in the Pasadene area.

Addressed to "Dear Nisei Soldier," the letters tell the news of the returnees and what they are doing. Here's a sample:

"On this first week after the lifting of the ban, thirteen Japanese Americans have come to Pasadena. They include:

- Mr. and Mrs. Kiyomoto, of Los Angeles;
- Mr. and Mrs. Kato, of Los Angeles;
- Mr. and Mrs. Sugimoto, of Los Angeles;
- Mr. and Mrs. Nakano, of Los Angeles; and
- Mr. and Mrs. Yamasaki, of Los Angeles."

Robert W. Kenny, attorney general of California, has written to the law enforcement officers of the state calling upon them to see that returning Japanese American people are given full protection. In his letter he quotes the text of a statement issued by the State Law Enforcement Advisory Committee after a special meeting called at the suggestion of Governor Earl Warren. The statement follows:

"We consider it our sworn duty as law enforcement officers to fully cooperate with the Army authorities in dealing with the return of the Japanese residents of this state. All persons, regardless of race, are entitled to the full protection of the law. The Army has carefully investigated each person to be permitted to return and will not allow those who are potentially dangerous to return. There should be no difficulty involved in this situation because the incidents are provoked by intemperate words and thoughtless action.

"During this period of adjustment the reputation of each of our California communities will be at stake. It is the business of every community leader to report all citizens to his neighbors in furthering full respect of the individual rights involved."

BRONCOS EDGE LIL’ GUS 33-30; CUBS BEAT SIRES

In the two league games played this week, the Lil Gus-Bronco tilt proved most exciting when the over-confident Broncos were forced to come from behind to overtake the surprisingly strong News-Courier team by the close score of 33-30. The Cubs with the addition of four players easily trounced the Sires by tune of 44-24.

Playing their best game this season Lil Gus outplayed the Broncos and held a small lead throughout the game but Muscles Ushiro came through with three straight buckets to overtake the Lil Gus team in the closing minutes of the game. The usually high scoring Aki Kubo was held to one point. Scoring on both teams was evenly distributed.

The Cubs aided by Mits Taniguchi’s 15 points and Sano Tamiya’s 12 points gave the Sires another setback Thursday night. The Cubs new players are Ameo Watanabe, Itto Yamauchi, from the disbanded Sharrocks and Kinki Kansagi and Hiromi Hasegawa.

Tells Of Trip To California
(Continued from last issue)

Shig Kubo, who returned from a tour of California, expresses surprise at the great amount of work being done to assist evacuees' return.

SAN FRANCISCO

Kubo visited the old Japanese sections of San Francisco and Sacramento and found that virtually all the living quarters in these sections were occupied by Negroes and that housing facilities are extremely crowded. A Negro neighborhood in San Francisco was reported by Kubo as Negro organizations in San Mateo County have passed a resolution welcoming the Japanese back.

Representatives of the Federal Housing Agencies stated that returning Japanese Americans would be treated on the same basis as other Americans, insofar as the facilities of government agencies are concerned.

IN AUBURN

Kubo spent the remainder of his visit in Auburn, the county seat of Placer County, where he interviewed the sheriff, the county agricultural commissioner, the vice principal of the high school, the tax collector, county assessor, the banker, and numerous businessmen, lawyers, and city officials.

Some Oppose

Some people said that they did not favor the Japanese returning in large numbers but that they would provide the same services to those who return as to other persons with whom they have business or professional contacts.

Names Asked To Be Restored

National Commander Edward H. Schubert of the American Legion said he asked the Auburn Police Department post to restore the names of 15 Miltai soldiers to an honor scroll, the AP reported.

Schuberting added that he had been informed the post would meet to act on his request.

FSA TO AID EVACUEES

Scope of the services the Farm Security Administration (FSA) can make available to returning evacuee farmers has been outlined in a letter sent to WRA by R.W. Hollenberg, regional director of the FSA. It was announced today by R.B. Cosseen, assistant director of the War Relocation Authority.

Before a loan can be made to any applicant, the FSA county committees, comprised of three prominent local farmers, must pass on his eligibility character and integrity, Hollenberg said.

FINANCIAL AID

Rural rehabilitation or operating loans are available to citizens who qualify as low-income farm families (including owner-operated, share cropers and farm laborers with sufficient family manpower for farm and home operations, except possibly at peak seasons) if certain other requirements can be met.

These other requirements include: The necessity of full-time farm operations effectively utilizing family manpower or part-time operations which may be supplemented by off-farm employment that will not interfere with successful operations in order to maintain full employment and a satisfactory level of living; a willingness to assume the necessary responsibilities in order to make an effective contribution to the Nation's war effort; a family background of rural experience and managerial ability; that the borrower be unable to obtain adequate farm and home financing at reasonable rates and terms from sources other than the FSA; and that there be a reasonable possibility of repaying the loan and that the family's level of health and living can be maintained or improved.

HOSPITALIZATION

Heads of families eligible as standard borrowers can get livestock, farm equipment, minor repairs and improvements for farm and/or home, participation in group health, hospital and/or dental services, for emergency health services and for correction of physical conditions when (continued on page 4)

Some 200 members of Post 591 of the American Legion, all veterans of World War II, stood their ground last week on the right of Japanese Americans to membership in the Hollywood organization according to the US Army.

They accused Dick Horton, Legion district commander, of threatening to expel Harley W. Oku, a Japanese American with an honorable medical discharge from the US Army, and William G. Schneider, youthful Post 591 commander who supported him.

The post gave Schneider a vote of confidence and said it would take no action against Oku.

Milton Luban, publicity chairman, said he did not believe the American Legion was a suitable organization for veterans of this war. He stated: "I do not regard the American Legion as the organization for World War II veterans. It is going to be the old time reactionary legion. I expect to get kicked out of the organization for this statement, but I'm prepared for that eventuality."

The approved farm, and home plan indicated that such expenditures are necessary to successfully conduct the family's war production program and rehabilitation of the farm family.

However, loans will not be made for refinancing, generally speaking, although exceptions may be made.

**FARM PURCHASE**

Farm purchase loans, which run for 40 years at three per cent interest, are available to veterans of the present war, farm tenants, renters and laborers who are citizens. FSA reports that due to the limited funds on hand for this purpose and the large number of applications already on hand it is unlikely that more than 12 farm ownership loans can be made in California this year.

Farm families, whose income for taxable purposes has not exceeded $2,000, or less per year during the last five years, are eligible for postal, medical and hospital care through membership in county health associations established by FSA in cooperation with California Physicians Service, county medical societies and local farmers.
