Plant A Little Garden In Your Own Back Yard

I've been reading in the papers that the price of food is high,
There's a saying in the Bible that you all have heard a heap,

"Cut the prices, cut the prices," is the Nation's cry,
Now I've got a dandy little scheme.
Just get busy, just get busy, don't you fall asleep,
Never mind the man across the street,

that you all should try,
Go and raise the things you need, the things too high to buy.
your own cem-oil keep,
The Bible says that as you sow, that is the way you'll reap.

CHORUS

Plant a little garden in your own back yard Where the green grass used to grow,

Plant some nice potatoes, and some red tomatoes, Buy a rake and hoe.

You'll have plenty for the wife and kiddies bye and bye, You should worry if the prices go up to the sky,

Take my advice And plant a little garden in your own back yard.
