POWELL INVITES COUNCIL AID IN ACTIVITIES PROGRAM

In response to a personal speech to the Poston I Council by John Powell, Director of Community activities, a subcommittee on Community activities was appointed last week to work the departmental cabinets and the Unit Coordinators.

"The department of Community Activities comprises over 600 workers in the three units of Poston, working in nearly 50 programs in each unit. Their fields range from nursery schools to Issei cultural clubs, from wrestling to religion, from adult education to instruction," Dr. Powell said to the Council.

The staff is made up of teachers and professionals, and is moving steadily in the direction of complete self-government. Policies are developed by Unit Coordinators, activity councils, and a cabinet representing all 3 units and all major program sections.

"In each Unit, the Department will work closely with the Councils and their committees," Dr. Powell stated. "The Director and the Coordinators are always accessible to individuals or groups having suggestions, questions or complaints regarding the success of both program and personnel. Such matters are, of course, finally determined within the departments themselves, under general community policies established by the Councils."

Yozo Kobayashi, Activities, Co-ordinator of Unit I, announced the appointment of Mr. Yoshihara, tennis king.
