NEW YEAR FESTIVITIES PLANNED AT POSTON II

A gala three-day festival in observance of New Year's was planned at the fourth session of the Poston II Congress last Monday. It was announced yesterday. Athletic events and exhibits will be featured. Appointed on the committee which will draw up the detailed program for the gala affair were the following people: G. S. Sakamoto, T. Shimotsuka, R. K. Sakata, James Hirokawa, Charles Onoye, Dr. Harry Kita, Harry Shirachi, Kenzo Yoshida, and Herbert Yoshida.

Efforts are being made now to distribute candy to each block to assist in the celebration of Xmas.

Harry Washige's resignation as 209 councilman was accepted.

According to a letter from Ada J. Crawford, plasterboards for partitions in the recreation halls are available.

A community directory was voted to be compiled for each resident to enable the people how Unit II is being governed and sustained along democratic lines. A committee consisting of S. Morikawa, K. Takezawa, Dr. Maseo Takashita, Gen. Nagano, Manabu Fukuda, and Kaz Oka was appointed to compile and take steps for its issuance around New Year.

Letters of special recognition to Congress secretaries Ida Nagano and Shizuko Yokoyama, Police Chief Harry Madokoro and his entire staff and the Israeli advisors of the Council in acknowledgment of their endeavors during the Unit tenure will be dispatched to the above-mentioned parties.

UNIT II FPC SETS TRUST FUND

The Unit II Fair Practice committee in its meeting yesterday evening set up an evacuation trust fund and chose four to serve as its trustees. The four includes Dr. Henry Kazato, S. Sato, Takeo Yuki and Charles Onoye.

The FPC and Hiro Yamashita will endeavor to work out a personal services bureau offering the Caucasian personnel housekeeping, laundry and other services at "outside prevailing" wages.

ATT: Fire Chief

LACK OF FIRE ALARM SYSTEM IS A CRIME!

As we recall, it was but a few short weeks
ago that this column requested that some ac-
tion be taken for a fire alarm system.

As far as can be determined, nothing has
been done to date.

Tuesday evening, what might have become a
major conflagration was averted again. The 221
mess hall, thanks to some alert kids for dis-
covering the flames before it was too far gone
and to the frantic efforts of its residents in
quelling the fire, suffered little damage.

But if that blaze had been noticed a few
minutes later there is no telling what damage
in human lives as well as property, might have
resulted because of the lack of a fire alarm
system.

As we assumed the liberty of pointing out a
few short weeks ago, there should have been a
reportable time to figure out some sort of an emer-
gency system. Such a waste of time is a CRIME in
every sense of the word. So we repeat again, some-
one is definitely asleep at his high-salar-
fied post.

We don't know what sort of duties the Post-
on Fire Chief has to discharge. But we do know
that some action should have been taken, even
if temporarily, to install some kind of an al-
arm system. Especially is this worthy of im-
mediate and greater consideration in view of
the arrival and installation in the near futu-
re of stoves in each apartment. If the present
Chief is unable to cope with this problem, let
us get someone in here that can.

All the fire drills and all the water pres-
sure in the world, along with adequate fire-
fighting equipment, will be for naught if that
equipment and trained crews are tardy in arri-
ving at the scene of the fire.

We're not concerned so much with our prop-
erties as we are with human lives. For that,
in the last analysis, is something we cannot
buy, beg nor steal.

K.O.

INDUSTRIAL, LABOR REPRESENTATIVES MOOT IN UNIT I FOR WAGE DISTRIBUTION POLICY WORKERS OFFERED THREE PAYMENT PLANS

With prevailing wages to be paid evacuee labor on the local net garnishing project, negotiations were opened yesterday afternoon to formulate policies and regulations concerning the distribution of income. Participating in the discussions, which are due to continue thru today, are E. L. Stancliffe, Chief of Industrial Relations, WRA, San Francisco, Poston Project Administrator, and evacuee industrial and labor representatives of Units 1, 2 and 3. Also sitting in on the meetings was John Stahl, Los Angeles, who will operate the net garnishing factories under a contract executed with the United States Army Engineers.

THREE PLANS FOR WAGE PAYMENTS

Basis of the discussions yesterday centered around the following 3 plans for disbursement of wages which were presented to the work corps representatives: (1) Regular cash payment direct to the worker; (2) General distribution to all the work corps members thru an evacuee trust fund with the individual factory worker to be paid the regular WRA wage scale whether it will be $16 or $19 per month is yet to be determined, if this plan is adopted; and (3) Bonus payments to workers over and above the WRA scale for performance of a certain amount of work, with pay based on a minimum of a certain quota.

It has been determined, however, irrespective of which of the three plans are adopted, each worker in the net factories will be required to pay a flat rate of $25 per month for subsistence and housing.

The over-all picture is being thoroughly examined. Other aspects of the net project which are undergoing detailed dissection are labor, safety precautions, and whether it would be feasible for the 3 Poston units to adopt separate means of disbursing the income.

It was revealed that approximately 960 laborers will be required to operate the 3 plants at full capacity.

STATUS OF PLANTS

According to William Wagner, Chief of the U.S.A.E. here, the 3 net garnishing plants should be ready for operation by the end of December. It was stated yesterday that such essential services as sewage and water in the Unit I plant will not be ready for about a week, with the work in the Units II and III factories requiring about 15 days more.

The heating facilities in the Unit I building were expected to be installed within 20 days, and in Units 2 and 3 within 25 days.
**Non-Employed Will Be Able to Draw Unemployment Allowance**

Non-working evacuees will be able to draw a monthly compensation allowance of $7.20 or $9.60, depending upon their work classification, stated Vernon Kennedy, Industrial Relations Chief, yesterday.

Mr. Kennedy's statement was based on the latest WRA directive, Supplement #2 to Administrative Instruction No. 27, which covers in detail matters concerning unemployment compensation.

According to Supplement #2, an evacuee who has been registered for work for 15 days and has not been offered employment shall be eligible for unemployment compensation unless:

(a) He has refused a job offered and there were no valid grounds for the refusal, or
(b) He has been discharged for cause and grounds for firing are reasonable after a hearing before the Fair Employment Practice Committee, or
(c) The Employment Officer certifies that evacuee is unfit for work because of physical incapacity, or
(d) The Welfare Section certifies evacuee is unqualified for employment; because of family situations.

Application forms for unemployment compensation are available at your local employment office, it was stated yesterday.

**M. Tanda Appointed Block Manager**

In conformity with a RA policy of reorganization of the work program, Adm. James D. Crawford of Unit II yesterday appointed Mrs. Martha Tanda as acting block manager of 211. Effective Dec. 2, John Masade and James Toya were relieved of their duties as assistant block manager and custodian, respectively, of 211.

As soon as the reorganization program is completed in Poston I, Adm. Crawford yesterday stated the same procedure will be followed in Units II and III under the employment department.

In anticipation of that move, the number of work projects as well as employees in overstaffed departments will be minimized as early as possible.

Male employees will be released, insofar as is possible, for employment on work projects high on the priority list. Women will replace such men in all positions possible.

**Final Pay Checks for Unit II Arrive**

The final September pay checks for Unit II will be distributed Sat., morning, Dec. 5. The remaining blocks to be paid are 203, 215, and 216.
Herald the Christmas season in all Ptoyon Units will be the Mass Choir Festival which will take place on December 21, at Poston I; Dec. 22, at Poston II; Dec. 23, at Poston III.

The first rehearsal will be held tonight in Block 5. Local choristers are requested to meet at the 211 Recreation Hall for transportation at 7:00 p.m. The 227 members of the choir will be given transportation from their district and may meet near the recreation hall thereafter.

Those who did not sign up on Tuesday are asked to do so at the church when they attend the practice.

Three unit rehearsals will be held Sunday afternoon in Poston II at 2:00 p.m. It is imperative that all who registered for the choir be in attendance according to those in charge.

LATH HOUSE COMPLETED FOR UNIT 2 "AG" DEPT.

A well-constructed lath house, 60 x 96 ft., is the first building to be erected for the local agricultural center in the firebreak adjacent to Block 202. Speedy construction of the lath house was possible through the cooperation of the carpenter shop with the landscape and nursery division.

As soon as water, which is expected some time this week, is piped to the lath house, plants and trees will be prepared for housing. Among the nursery stocks are clean-ader, geranium, tamarix cuttings, mulberry, eucalyptus, tamarack trees and about 20 varieties of flowers in flats.

UNIT TWO DEADLINE SET FOR DECEMBER 12 FOR SERVICE MEN GREETINGS

Residents of this area desiring to send their friends and relatives Christmas greetings are reminded that at the local deadline for the names and addresses to be submitted is December 12.

The Home Service of the Poston Red Cross is preparing this project. Colonists are asked to bring the names to the block manager's office or bring them to the local chapter in Ad 2 building located next to the clinic.

Ichijji Motoki, supervisor of the Unit 2 Red Cross Chapter, announced that he and his staff will assist in filing draft questionnaires and invite the men to take advantage of this service.

OIL STOVES ARRIVE

Oil circulating type stoves numbering 260 have arrived in Poston Two.

The installation of stoves will be delayed because the flues for them have not arrived.

PENGUINS DOSE FIREMEN IN CLOSE TILT

A surging Firemen rally in the last half that pressed the 211 Penguins all the way fell short as the 211 boys managed to keep abreast of the "red tide" to win 39-37.

The Penguins had the game well under control in the first half and seemed on their way to an easy victory when Kanemori and Negoto, who scored 16 and 12 points respectively, started hitting the hoop to bring the Firemen right up to the Penguins. However, the Penguins settled down to match the "high tower" boys bucket for bucket to take the fame. Igai led the winners with 14 digits.

Gracing the secretary's desk and that of Chief E. L. Miller in the Ad #1 building is a set of inter-communication system and not a DICTAPHONE as was erroneously reported in the Press Bulletin recently. Additional staff member appointed in the Internal Security Division is Jack Fujiki, former custodian of Block 214 who has been appointed record file clerk. Embellishing the desk of Betay Machida in the Construction Office is a beautifully made artificial polynatta and which made the rounds of the neighboring offices, giving each department in the Ad #1 building the touch of the approaching Yule season. Vying for honors in the desk decorations are the pen- nies made by Mory Higashi's mother for her desk in the Maintenance department... On Betay Higashi's desk rests the base of an electric globe which is serving as a miniature fish pond. Warm news for the night -intendance workers is the elegant-looking heaters which will be installed soon for them... Skillfully made name pins that this columnist has never seen is exhibited in the tray containing 44 names made by Henry Shigemasa and "Shin" Ichikawa in the office or the Dept. of Industries in Ad #2... Working in collaboration with the Unit 2 Clinic by extending Nursing Service, diligent Visiting Nurses of Unit II including Lillian Machida, Lorraine Mitsu- te, Agnes Grawe and Lakue Shikuma made 391 home calls under the leadership of Mrs. Ruby Miyura, R.N., Chief Nurse.
Father Clement Opens Office

Father Clement of the Maryknoll Catholic Church has announced that his permanent office for Poston III will be opened at Rec 306. Father Clement is a permanent resident of Poston and is in charge of the Maryknoll here as well as in Gila Relocation Center. Having lived in Japan for a number of years, he speaks Japanese.

Plans are underway for Mass services on Christmas Day. Membership at present includes about 40 persons, but all those interested are asked to join.

Important Athletic Meeting Called

Senior and junior volleyball captains are requested to attend the important meeting this Saturday at Rec 309 from 3:15 p.m.

Senior teams are asked to submit 3 members of their respective team whom they think are their best players for the All Star selection. Juniors are requested to put in four names of their own team.

Men's trio including John Miyake, Sod Hana-shima and Paul Wagono rendered a selection of Hideo Aoki and George Yamagata spoke a few words before the evening sermon.

Juniorettes Cinches Title

Aiko Tashiro's 305 Juniorettes became the Junior Volleyball league champions when they trounced Jr. Hi-Jim to stay undefeated through the season. Postonettes easily won their berth in the second place by defeating the Jr. Bomberettes by 15-3, 15-9 score. Gila Monster vs. Beaver game was postponed.

Tackle Football Disapproved

Discontinuance of tackle football and all other violent sports was requested by Dr. George Wada, Public Health Officer of Poston III, in a memo to Susumi Takao, coordinator of local community activities.

In answer, the PC3AA wrote:

To: All managers, coaches and players,

Due to the athletes following the seasonal sports, the athletes of Poston III started tackle football leagues. With the rulings enforced by PC3AA and with the understanding that all minors have his parents or his guardian give consent to the participants.

On the opening day of tackle football league in Poston III Saturday, Nov. 29, 1944, first severe casualty and few minor injuries took place. From the Medical Clinic, Dr. George Wada, M.D., forwarded a letter requesting the discontinuance of such activities and all other violent sports; stating reasons that medical facility was not adequate enough as other casualty in this camp has saturated the doctors aid and hospital care.

Under these conditions, the PC3AA will not take responsibility in having the athletes in Poston III take injury without the proper aid and medical attention by the medical clinic andPoston. We regret the fact that seasonal sports as all athletes would like to participate can't be had, particularly football.

Yours truly,
PC3AA
LET'S ORGANIZE!

Why are we so slow to organize? Why haven't we the student body organized? Haven't we the initiative to start these things? I believe that your opinions are kept to yourselves. Speak up and express your opinions and start this school rolling.

This is a new school and everyone is on an even basis and so everyone's suggestions and opinions will be appreciated and not answered at, so don't be afraid to express them. Come on, Kids, let's get started and organize the student body, now!

ODDS AND ENDS AROUND
THE CAMPUSS

Plans are being completed by the senior girls to make stuffed toys to be distributed to the nurseries in Camp II.

Ag boys have gone in for sports. They have formed teams that are willing to take on any block team that will challenge them. Those who want to see who's better, the Ag or themselves see Joe Kiyohara. The Ag boys have already challenged the senior girls to a volleyball game.

ELECTION COMMITTEE APPOINTED

An election committee consisting of two representatives from each class was elected by the council at its last meeting. The duties of this committee is to set rules for the coming student body election. They will set dates, take charge of the petitions and tally the votes.

Those on the committee are: Grace Sato, Natsuko Taniguchi, Yukiko Hamamoto, Masanori Hori, Mitsu Iku, Ben Dohi, Jiyoko Hironaka, George Kanamori, Nao Mizutani, and Paul Kamitsuka.

JUNIOR RED CROSS ELECTS OFFICERS

The Junior Red Cross met last Tuesday after noon and elected permanent officers for the remainder of the school year. Itsumi Gita, president; Kaoru Takata, vice-president; Misako Nakata, secretary, and Gene Nakata treasurer.

The total proceeds of the membership drive if thirty-four dollars. Twelve dollars will go for membership dues and the remaining twenty dollars will be kept in the treasury.

Many activities are being planned for the year under the chairmanship of Aiko Kayashima.

STUDENTS REQUESTED NOT TO WALK ON WALKS

Students are requested not to walk on the walks which the juniors built up last week. The students urged to cooperate with the Administration.

INITIATION NIGHT:

Out of the 49 members of the F.P.A. were present at the initiation party held last Friday evening. Thirty-four members with the green hand blz sign of degrees went through an informal initiation. Officers were initiated and installed in their offices.

Members of this organization did the cooking of the refreshments which was more like another "Basil." They would like to thank the kitchen for their generous donations of food.

RESIDENTS TO DECIDE

ON CAMOUFLAGE NET WORK

Residents of Pflotno will decide on whether or not to accept work in the camouflage net study, and the three proposals being advanced by the contractors will be referred to the people in each block. It was decided at the initial meeting of a committee at Unit 3 which met on Saturday with Mr. Mathiesen and Mr. Kennedy, department heads of industry and employment, respectively.

Numerous questions relating to wages, scales and working conditions in the gardening sheds were brought up for discussion by the group present, which included two members each from the Community Council, Block Managers, Employment Department, Parent-Teacher Association and two councillors from the Santa Anita Assembly Center who were connected with the camouflage net work there.

It was agreed that the various problems involved in the work at the sheds should be aired thoroughly by a committee to be set up for this purpose. Letters would be sent to the state of Arizona and the San Francisco WRA office in order to clarify questions about injury insurance and unemployment compensation.

A special committee consisting of one member each from all of the groups represented at the meeting will meet on Monday to study the three proposals being offered through the WRA by the Army contractors in order to be able to present a clear picture of the whole camouflage net work to the people.

The Community Council and the Block Managers were asked to bring the proposals to the people in their respective blocks before December 10.

BETWEEN BEATS

"OF MEN AND LICE"

You have heard the story of the three dice left home—because they found out that their father was rat! This is a tale of a group of boys who are interested in rat culture.

Block 214 harbors Pat Matsunaga, Dick Maru, Paul "Catch" Takiguchi, Kojo "Kow" Tazuma and Charlie Fujiki who have made the Block's office their headquarters and "rat's nest." They have organized an unofficial society of "Rat-led Brains, Inc.

Latest additions to the crate base of the rodents are the creatures of a few weeks old who were found in Dick Yoshida's trousers one fine Boston day. A tragedy befell one of them when it expired from third degree burns in the incubator. Dick has a godfather's interest in the society.

The mice are fed by eyegropper and their main diet consists of warm milk and the balance of the rate are vegetables.
