Moderato

I'm really worried about you dearie
You look so sad and blue
I wish that you were my lonesome baby
I'd be so good and kind

Though you won't say what makes you feel that way
I know what's wrong with you
You'd be the boss and tho' you might get cross
I'm sure I would not mind

CHORUS

I know that you are just a great big lonesome baby
You're just a baby You wouldn't
fool me dear no matter how you try
For in your eye I see that

“baby stare” The one I know was there When you were a baby

running to mother when your brother made you cry And now you want someone to

treat you like a baby Just like a baby I may be just the one you think will

do I hope that’s true And if lovin’ does you good I’ll love you like a mother

would Cause you’re a Great Big Lone-some Baby Maybe I can baby you I know that you
