Piano

Say Bill it's real-ly won-der-ful, so wrote a sol-dier boy,
You don't know what you're miss-ing on the square,
I have to wear the pin.

Till Ready There was a time I used to kid the old Y. M. C. A.,
But now I'm more than proud to wear the pin.

The old Y. M. C. A. Just make me proud to say
That Yan-kee Doo-dle brain and bood-le put in there.

They've done their bit and more To help us win the war
And like a broth-er to each oth-er we have been,

It means a home when our days work is thru,
But Bill it means a whole lot more to you.

And when it comes to chas-ing Huns you'll find,
The Y is right there on the fir-ing line.
Chorus

Y stands for you, Young Amer-ica. Put your gun on your shoul-der my son,
M is for each moth-er, so cling to one an-o-th-er un-til the Vic'try's won.
O is for cour-age to stand up and fight.

A is for Amer-i-ca the boss That spells Y. M. C. A. But to the
boys in the fray. It means You Must Come Across.
