Words and Music by

Marcia

Come on you patriots from far and near,
Come on from every where, just say, "good-bye."

Come on my countrymen and volunteer,
Freedom and Liberty's our battle cry;
Now is the time she needs us
We're in to beat 'em, and we'll

most of all, Can't you hear our country call?
don it too? We've the men and money too.

CHORUS, (well marked)

Swing in line, we'll swing in line And fight or we'll know why,

"My country right or wrong" For you I'd die, Sow'll swing in line, boys, swing in line, Where-

ever we may be, The world will know we're fighting for Democracy.
