You heard a-bout the way they
Most all the girls to-day are

loved in old days
They had no jazz bands or the
acting funny
In days gone by they used to

funny dance craze
They had their own sweet way of
call me honey
But here of late it seems they're

mak-ing love 'Neath the skies so bright a-bove
act-ing strange What's the rea-son for the change

The boys and girls to-day have more tem-p-ta-tions
They're get-ting-stin-gy with their love and kiss-es

They're not so slow some-times I won-der who's to blame
They go right to it They start out game-ly

Don't mis-con-strue it But wind up tame-ly
Here's how they do it now Oh boy ain't that a shame

That's Nice - 4
CHORUS

First you call on the phone and you meet her alone That's nice
First you start holding hands she says I understand That's nice

Then you see her at nine and you take her to dine That's nice
Then you both have a sigh steal a kiss on the sly That's nice

She orders wine and lobsters and cares not for the price She
You're sitting on the sofa you squeeze her once or twice She

smiles and calls you honey Makes you think it's funny You laugh and say That's nice
Then she says I'm crazy 'bout you Can not live without you That sure makes you feel nice

That's Nice - 4
man brings the check and he tries to collect That's nice
That's nice
Like the
calls you her pet you say I'll get you yet That's nice
That's nice
Then you
boob in the play you must dig down and pay but still you think it's nice
For think you're in right and you turn down the light It seems Like par-a-dise For
all the time you're thinking of—a brand new way of making love But she you just feel like you're a king
You're expect-ing ev'ry-thing But her
bids you'Good-Night' and she fades out of sight That's nice
That's nice
First you
big brother Joe steps in and you must go That's nice
That's nice
