WAIT and SEE
(You'll Want Me Back)

By CHAS. R. MccARRON
& CAREY MORGAN

Valse moderato

Voice

I'm sorry our little romance is through,
Like tired children we quarreled at play,
There came a day,
You'd leave me blue,
I'm sorry our little doll-house must go,
How sorry you'll never know.

Why can't we build up our
day,
You went away,
I'm longing, dearie, for you.

CHORUS

Just wait and see, You'll come to me, Sorry that you've gone away.

You'll feel so blue, wondering who, Gets all the kisses, belonging to you.

There'll come a day, You'll come and say, I'm lonely, please pity me.

And when you do, I'll still be true, You'll want me back, wait and see.
