Say It With Music

Tune Ukulele or, Banjulele Banjo

Words and Music by
IRVING BERLIN

Moderato con espressione

(Girl) Music is a language lovers understand,

(Boy) There’s a tender message Deep down in my heart,

Melody and romance wander hand in hand;

Something you should know But how am I to start;

Cupid never fails as assisted by a band,

Sentimental speeches Never could impart.
So if you have something sweet to tell her:

Just exactly what I want to tell you:

CHORUS

SAY IT WITH MUSIC

Say it with music, Beau

Say it with music;

Some how they'd

rather be kissed;

To the strains of Chopin or Liszt.
A melody mellow
played on a celio, Helps
mister Cupid along So say it with a beautiful song.
